How To Play:

1. Once cut and folded, ask a friend to choose Him, Her, Me, or You. Open and close the catcher with each letter as you spell out their answer, holding the catcher open with the last letter.
2. Ask your friend to choose from the visible numbers. Count to the number they selected in the same manner in which you spelled out the first word.
3. The friend selects a number again. Open the flap for that number and reveal their fortune!
